

## ABOUT THE STATE

Happenings of Interest from Different Sections.

Potato thieves are busy in Bellows Falls and on a recent evening stole two bushels from a cellar when the family were all at home.

The ladies' circle of the Brattleboro Universalist church cleared \$777.84 from their recent fair. The gross receipts were \$1,062.83.

A wild duck, but which has become partially tamed, is spending the winter in the open places on the river in Westford and has brought some good-sized fish to the surface.

More than 6,000 skunk skins were sold at auction at the plant of the Burlington Rendering company last week, as well as other furs, the total amount of sales being \$40,000. The skunk skins sold at less than half last year's prices.

Lumbermen on the western side of the state were much pleased at Friday's snowstorm as it gave them a chance to change from wheels to runners. About six inches fell. Lovers of outdoor sports had their first opportunity this winter to enjoy skiing or snowshoeing.

One Springfield pharmacy has agreed from now until further notice to fill prescriptions free of charge for those in need of medical attention who are unable to pay for same, providing the prescription is accompanied by a written statement from the prescribing doctor. This has been done because of the strain of business conditions in some families in Springfield.

One of the results of Brattleboro's increase in population as shown by the last federal census is that heretofore in town meetings the Australian system of voting must be used, so long as the present state law covering the subject is in force. A town having less than 8,000 population may use the Australian system if it chooses to do so, or it may use the old-fashioned way; it all depends upon the wishes of the voters.

J. L. Stockwell's general store in West Brattleboro was entered some time Saturday morning and goods valued at about \$100 and a small amount of change were taken. The break was discovered by E. A. Covey, who works for Mr. Stockwell, when he opened the store about 6:45 o'clock. This is the first burglary in that part of the town in several years and involves the West Brattleboro branch of the Brattleboro postoffice.

Vermont hotels, including those in St. Albans, Barre, Rutland and Burlington, are said to have been victimized by John H. Spear, a traveling salesman for a New York car company, who was arrested Tuesday at the Chatham and Phoenix bank of New York City after trying to pass a check for \$476 on a Greenfield, Mass., bank. Spear had been trailed by Pinkerton detectives for more than a year. Each hotel is said to have been the loser of about \$20 through his operations.

**Ration for Dairy Cows for February.**  
Based on current quotations (January 31) the following rations for dairy cows is suggested by Professor Ellinger, director of the state college of agriculture at Burlington. The approximate cost, sacks included, in mixed carloads 1 o. h. Boston freight rate point is also given. 400 pounds corn meal, hominy feed \$5.32; 300 pounds corn meal \$5.79; 400 pounds cottonseed meal (43 per cent) \$8.90; 100 pounds linseed oil meal \$2.43; and 100 pounds wheat middlings \$1.85.

The composition of this ration is 23.17 per cent protein, 6 per cent fat and 6.6 per cent crude fiber; 1300 pounds cost \$25.51, 100 pounds \$1.96 and one ton \$39.20.

**Then Promptly Wilted.**  
Reginald Stocks was not fond of dancing at the best of times; that is to say, except with his own particular partner. One night he found himself at a dance which she had been unable to attend.

He danced with all the wall flowers, chatted inanely with unimpeachable ladies, but up to a late hour had managed successfully to dodge a certain, giggling mass of femininity that was his special bane.

But at a fatal moment he saw her coming across the room toward him, wagging her dance program. There could be no mistaking the ominous signs.

Franklin tried to hide behind a woman. "Please let me hide behind you," he cried. "I don't want to dance with that girl who's coming toward me."

The woman in a cold voice replied: "Why, that's my daughter!"—Rehoboth Herald.

**She Could Sympathize.**  
The head of one of the departments in a certain downtown store is inclined to be plump. She spends a great deal of time and also money in reducing, and she calls it "grooming and dressing" so that she look more slender than I really am."

Now the janitor of the store is a large, fat, colored woman, who has never heard of reducing, and whose dresses are built on even more ample lines than her figure. Also she is very fond of the head of this department. The other day when she happened to be near her she noticed that she seemed rather tired. "O, Miss T.—" the old janitor exclaimed, "do sit down and rest a minute. Most of these people don't understand how you feel. It just takes us colored people women to understand each other's feelings."—Indianapolis News.

**Longs for Peace.**  
"Above all," said the throat specialist, "she must talk as little as possible."

**MRS. H. O. PETERS.**—Kansas City, Mo., whose experience with Tanlac has been nothing less than wonderful, declares her husband. After her improvement he takes it himself and his health is also restored.

"One day a friend persuaded my wife to take Tanlac and the results have been nothing less than wonderful. Her troubles have not only entirely disappeared, but she has actually gained twenty pounds in weight and now seems to be in perfect health. She has suffered for eight years with headaches, nervousness and loss of appetite and was in a badly run-down condition. She could not eat much, had pains all through her body and limbs and was so weak at times she could hardly stand on her feet. She was losing weight and gradually getting worse all the time in spite of all we could do."

"After seeing the splendid results my wife was getting I began taking Tanlac myself and before I had finished my second bottle, I was eating things I had not dared touch before in a long time. I am now eating just anything set before me and my appetite is fine. I suffered for five years with the worst kind of stomach trouble and nervous indigestion, but it has relieved me entirely. We both owe Tanlac a great debt of gratitude."

The above enthusiastic statement was made recently by Herbert O. Peters, well known citizen of Kansas City, Missouri, residing at 534 Walnut street.

Tanlac is sold in Barre by Cummings & Lewis, and by the leading druggist in every town.—Adv.

## AMERICAN SCULPTORS UNITED

To Submit Designs for Statue of South American Cowboy.  
Washington, D. C., Feb. 14.—American sculptors have been invited by the Uruguayan government through the pan-American union here to submit designs for a statue of the "Gaucha," or South American cowboy, to be erected in the principal plaza of Montevideo in commemoration of the part played by these intrepid frontiersmen in the development of Uruguay.

The prize offered is 60,000 pesos, gold, or about \$92,000 in American money.

The Uruguayan gaucho, one of the most picturesque characters in history, represents a survival of the old Spanish colonial days. Though he is called the cowboy of South America, he is more than that. A horseman spending most of his life in the saddle, he was also a rancher, trapper, hunter, pioneer and soldier. Although, like the French-Canadian "habitant," he was nearly always a half breed Indian by blood, he was actually an Indian in no other sense of the word. He did not live as the Indians lived, but was the pioneer of white civilization on the pampas.

In the history of Uruguay it was the gauchos who made up the rank and file of the armies which fought for and gained independence from Spain. In agriculture, also, it was the gauchos who led.

A jury of awards, consisting of Dr. Elias Regules, Dr. Alejandro Galliani, Manuel Flores, Francisco J. Ros, Carlos A. Arceana, and two artists representing the society of architects and the circle of fine arts in Montevideo, will pass upon the merits of the designs, for which second and third prizes of 1,500 and 1,000 pesos, gold, respectively will be given.

**Tragedian's Hunt for Genuine Surprise.**  
Tittleton, the tragedian, boasted that nature was his only teacher. "Please tell me," an admirer once asked, "is that expression of astonishment you assume in the second act of your play copied from nature, too?"

"It is," said Tittleton. "But I had no end of trouble to get it. To secure that expression I asked an intimate friend to loan me \$50. He refused. I tried several other friends. They refused. Still I was not surprised. Finally I asked one who was willing to oblige me, and as he handed me the sum I studied in a glass the expression of my own face. I saw surprise, but not astonishment. It was all wrong. Where should I find genuine astonishment?"

"Well," continued the admirer, "where did you get it?"  
"There an idea struck me," the tragedian said. "I resolved upon a desperate course. I returned the \$50 to my friend the next day, and on his astonished countenance I saw the expression I sought."—Philadelphia Public Ledger.

**IF MOTHERS ONLY KNEW**  
During these days when many children are complaining of headache, feverishness, stomach troubles and irregular bowels, if mothers only knew what Mother's Own Tablets would do for their children no family would ever be without them. These tablets are as easy and pleasant to take and so effective in their action that mothers who once use them always tell other mothers about them. Sold by druggists everywhere.—Adv.

## NO MORE AUCTION SALES OF PUREBRED LIVESTOCK

Because of Unfavorable Conditions of the Market, It Was Decided at Brattleboro.

Brattleboro, Feb. 14.—Announcement was made today by officials of the Purebred Livestock Sales company of Brattleboro that decision had been made by the company not to hold any more auction sales of cattle for the present, because of unfavorable conditions. Prices have not been as good of late, and not as many high quality animals have been available, but these are not conditions peculiar to the Brattleboro community, as they have been noticed throughout the country. John W. Prentiss of Brattleboro, N. H., is president of the company, and the board of directors includes A. B. Clapp, F. L. Houghton and George F. Gregory of Brattleboro, Mr. Prentiss and A. L. Brookway of Syracuse, N. Y.

Mr. Gregory, who has had charge of the work of securing and listing consignments of cattle, has resigned that position. He will devote his time to buying and selling purebred stock on commission, in which business he has been engaged heretofore in addition to his other work.

This company was organized in 1918 and created a pavilion on Vernon street, where it has conducted sales, every two months, largely of Holstein cattle, and its sales, which have been of two days' duration, have averaged from \$20,000 to \$30,000. One cow brought over \$1,500. The one-story barns are arranged around a central two-story arena with a seating capacity of 400, and restaurant facilities are connected. The sales have been attended by many of the best known breeders of Holstein cattle in the United States.
